Because even cute pets have accidents...

Finally!
Industrial grade products available for the home.

Our products are safe for the environment and for pets and their people. We are constantly striving to provide the best products with the least amount of impact to our planet. Rest assured that the WEE AWAY™ product line not only works, but is also developed with the earth in mind.
**Wee Away™** is a powerful odor and stain remover specifically designed to eliminate odors and stains from pet accidents such as urine, vomit and feces. Because it was designed to remove difficult urine odors, it is powerful enough to be used on other organic odors such as garbage areas, septic tanks, mold and mildew. **Wee Away™** combines special strains of natural bacteria that have been cultured specifically for their ability to digest waste quickly and effectively. Natural enzymes and special performance enhancing additives ensure speedy breakdown of all organic matter. **Wee Away™** destroys the source of the odors and stains, unlike other products that simply attempt to mask them!

**For cats, too!**

The active bacteria in **ODORS BE GONE™** odor eliminator are especially designed for complete odor removal on carpets and upholstery to eliminate odors from urine, vomit and other pet odors. This professional strength product will effectively eliminate pet odors and not simply mask them with perfumes. It is strong enough to remove even the toughest odors like skunk spray and cigarette smoke. It can also be used on porous or hard surfaces in kennels, near litter boxes, animal cages, dog beds and more. The unique inverted valve provides easy application on any surface. **ODORS BE GONE™** odor eliminator is non-toxic, non-staining, and it can be used for all kinds of odors!

Previously available for institutional use only, this remarkable product is a concentrated blend of enzymes and d-limonene to make it one of the most powerful stain and odor removers available. **BE GONE™** is designed to quickly saturate and break down organic stains and odors caused by: Urine, Feces, Vomit, Coffee, Tea, Soda, Food, Grass Stains, Mildew, and Other Organic Sources. **BE GONE™** uses nature’s arsenal of odor destroyers to naturally eliminate the source of the odor, and leave your carpet smelling fresh and clean! Non flammable.
